MAJESTIC 440 HD PLUS Remote Controlled Heavy Duty Electric Wheelchair

The MAJESTIC 440 HD PLUS wheelchair is a beautifully designed folding electric wheelchair for travel. This transport motorized wheelchair is lightweight, airline friendly. This is a sturdy wheelchair and features a weight capacity limit of up to 440 lbs. with a top speed of 4 mph. The 440 HD PLUS is available in four frame colors that allow you to customize the color of your wheelchair fully. It's equipped with a 360-degree waterproof universal intelligent joystick for easy control. The intelligent joystick includes a power on/off button with a power indicator light, speed selection buttons, and a horn. The 12AH lithium-ion battery powers two 250W brushless DC motors that deliver a range of up to 12 miles. 26AH batteries gives up to 25 miles of range. Battery and Charger

440 HD PLUS comes in two battery options, a 288WH (24 volt, 12AH) lithium-ion or a 480WH (24 volt, 20AH) lithium-ion. 12AH battery is airline and cruise approved and delivers a range up to 12 miles. The 26AH battery is not airline or cruise approved and delivers a range up to 25 miles. The battery charging time is for each battery is 6 to 8 hours.

440 HD PLUS battery can be charged with a regular home outlet. The charging details for each battery (12AH or 26AH) are AC 100 – 240 Volt, 50 Hertz, at 1.5 – 5 amperes. 440 HD PLUS comes with a standard 24V 2A charger in the box. For quicker charging times, we recommend the 24V 3A charger for the long range 26AH battery. The 24V 3 charger is sold separately.

Range

The highly efficient lithium-ion battery provides plenty of range.

The 12AH battery delivers up to 12 miles / 18 km. The 26AH battery delivers up to 25 miles / 40 km.

Driving habits, temperature, weather, loading weight, road environments, and other factors may affect the range.
