

# Luxurious Brisa® Fabric

**Brisa® fabric** offers the refined look of leather, but in a luxuriously soft, breathable, and temperate design. Brisa®, *the world's first breathable polyurethane fabric*, comes in an extensive selection of lovely colors to choose from and will never stick to you or feel too hot or cold. This beautiful fabric is scratch resistant and easy to clean and disinfect, so it always stays looking new!

These fabrics are double rubbed 300,000 times to ensure the highest level of quality and durability.

We're so sure of the quality of this fabric, that **Golden offers a Lifetime Warranty\* on all Brisa® fabrics.**

# Sustainability

Not only is Brisa® fabric the most innovative fabric of its kind, the company that designed it, **Ultrafabrics**, is highly focused on sustainability. They are continuously researching and innovating to raise the bar on sustainability efforts and have taken significant steps to restrict the use of substances of concern in its products, and even provide clear guidance on how those products can be used and cared for safely.

Brisa is made out of Polyurethane, meaning it has low VOCs, no Formaldehyde/Chromium, is animal friendly, odorless, skin friendly/non-allergenic, and much more.

# Takumi Technology

**Brisa® fabric** is crafted using Takumi Technology, taking its meaning from the Japanese word 'artisan.' This innovative process engineers mastered performance directly into the four separate layers, combining them into one unified system that assures enduring bond strength and longevity.

**Surface Layer** - Adds extreme durability with ease of care and low maintenance. Protects from stains. Liquid and moisture repellent.

**Topskin Layer** - Unique polycarbonate resins, engineered for maximum hydrolysis resistance. Quality pigments for lasting color vibrancy.

**Microfoam Layer** - Polycarbonate foam structure for added comfort. High moisture transfer provides ultimate thermal comfort for body climate regulation.

**Substrate** - Reinforced rayon fibers, or blends, provide dimensional stability. Superior foundation delivers high performance and upholstery ease.

*\*Limited Lifetime Warranty, as long as normal use is maintained. Restrictions apply. See Owner's Manual for details.*
